CUSTOMER INFORMATION

1a. Table of Awarded Special Item Number(s) with appropriate cross reference to item descriptions and awarded price(s):

54151S – Information Technology Professional Services

1b. Identification of the lowest priced model number and lowest unit price for that model for each special item number awarded in the contract. This price is the Government price based on a unit of one, exclusive of any quantity/dollar volume, prompt payment, or any other concession affecting price. Contracts that have unit prices based on the geographic location of the customer, should show the range of the lowest price, and cite the areas to which the prices apply. **See Pricelist**

1c. If the Contractor is proposing hourly rates, a description of all corresponding commercial job titles, experience, functional responsibility and education for those types of employees or subcontractors who will perform services shall be provided. If hourly rates are not applicable, the Contractor shall insert "Not applicable" for this item. **See Pricelist**

2. Maximum Order: **$500,000**

3. Minimum Order: **$100**

4. Geographic coverage (delivery Area): **Domestic**

5. Point(s) of production (city, county, and state or foreign country): **Company address**

6. Discount from list prices or statement of net price: **Government net prices** (discounts already deducted).

7. Quantity discounts: **1% for orders of $500,000 or more**

8. Prompt payment terms: Note: Prompt payment terms must be followed by the statement "Information for Ordering Offices: Prompt payment terms cannot be negotiated out of the contractual agreement in exchange for other concessions." **None**

9. Foreign items (list items by country of origin): **None**

10a. Time of Delivery (Contractor insert number of days): **Specified on the Task Order**

10b. Expedited Delivery. Items available for expedited delivery are noted in this price list. **Contact Contractor**

10c. Overnight and 2-day delivery. The Contractor must indicate whether overnight and 2-day delivery are available. Also, the Contractor must indicate that the ordering activity may contact the Contractor for rates for overnight and 2-day delivery. **Contact Contractor**

10d. Urgent Requirements. The Contractor must note in its FSS price list that ordering agencies can request accelerated delivery for urgent requirements. **Contact Contractor**

11. F.O.B Points(s): **Destination**

12a. Ordering Address(es): **Same as Contractor**

12b. Ordering procedures: **See Federal Acquisition Regulation (FAR) 8.405-3.**

13. Payment address(es): **Same as company address**

14. Warranty provision.: **Contractor's standard commercial warranty.**

15. Export Packing Charges (if applicable): **N/A**

16. Terms and conditions of rental, maintenance, and repair (if applicable): **N/A**

17. Terms and conditions of installation (if applicable): **N/A**

18a. Terms and conditions of repair parts indicating date of parts price lists and any discounts from list prices (if applicable): **N/A**

18b. Terms and conditions for any other services (if applicable): **N/A**

19. List of service and distribution points (if applicable): **N/A**

20. List of participating dealers (if applicable): **N/A**

21. Preventive maintenance (if applicable): **N/A**

22a. Special attributes such as environmental attributes (e.g., recycled content, energy efficiency, and/or reduced pollutants). **N/A**

22b. If applicable, indicate that Section 508 compliance information is available for the information and communications technology (ICT) products and services offered and show where full details can be found (e.g., Contractor's website or other location). ICT accessibility standards can be found at https://www.section508.gov/.

23. Unique Entity Identifier (UEI) number: **K4UWENNT5P49**

24. Notification regarding registration in System for Award Management (SAM) database: **Registered**

FINAL PRICING

The rates shown below include the Industrial Funding Fee (IFF) of 0.75%.

SIN	Labor Category	GSA PRICE including IFF Year 1	GSA PRICE including IFF Year 2	GSA PRICE including IFF Year 3	GSA PRICE including IFF Year 4	GSA PRICE including IFF Year 5

SERVICE CONTRACT LABOR STANDARDS (SCLS) MATRIX

The Service Contract Labor Standards (SCLS), formerly known as the Service Contract Act (SCA), is applicable to this contract as it applies to the entire Multiple Award Schedule (MAS) and all services provided. While no specific labor categories have been identified as being subject to SCLS/SCA due to exemptions for professional employees (FAR 22.1101, 22.1102 and 29 CRF 541.300), this contract still maintains the provisions and protections for SCLS/SCA eligible labor categories. If and / or when the contractor adds SCLS/SCA labor categories to the contract through the modification process, the contractor must inform the Contracting Officer and establish a SCLS/SCA matrix identifying the GSA labor category titles, the occupational code, SCLS/SCA labor category titles and the applicable WD number. Failure to do so may result in cancellation of the contract. **N/A**

LABOR CATEGORY DESCRIPTIONS

SINs	Labor Category Title	Labor Category Description	Minimum Education	Minimum Years of Experience
54151s	UI Designer	Conceptualizes and creates intuitive, engaging, and aesthetically pleasing user interfaces using a variety of design software applications, methodologies, and tools. Develops user experience features, navigational structures, and interactive elements to enhance user satisfaction and support the organization/customer's objectives and targets in relation to user engagement and retention. Actively contributes to the UI/UX design team's initiatives to define, refine, and execute the visual language, usability, and overall functionality of digital projects, while collaborating closely with customers, users, graphic designers, and software developers. Also requires knowledge of the principles, methods, and techniques used in Web design and understanding of web-based technologies and design-related applications.	Associates	2
54151s	Senior Full-Stack Developer	Designs and develops well-integrated and cost-effective solutions for internal and external Webs; works closely with client project managers and technical leaders to understand customers' business objectives and systems requirements. Designs and develops Web infrastructures; designs and implements an intranet strategy for authorization of users to access controlled components; designs relational databases to perform well logically and physically for decision support. Coordinates enhancements and maintenance of Web systems and sites; reviews business requests for information access and usage; provides recommendations for server operating systems, hardware requirements and encryption standards for communications to and from secure servers. Provides technical advice and expertise to Webmasters and Web developers in the installation, acceptance testing, and evaluation of newly released and beta software. May serve as a functional/technical team or task lead.	Bachelors	8

		Also requires knowledge of the principles, methods, and techniques used in Web development; demonstrated expertise in various Web technologies, security (firewalls/encryption products), Web servers, browsers and various third party tools for integrating Web applications with databases and legacy systems. Must have in-depth knowledge of at least one industry-leading database environment.		
54151s	Developer	Provides application development and technical support for internal and external Webs; develops Web pages; collaborates with graphic artists to develop Web page graphics that support interactive, marketing-focused content. Provides technical consultation in new systems development, new package evaluations and enhancements of existing systems; prepares functional specifications from which programs will be written, then designs, codes, tests, debugs and documents programs. Participates in the technical design, development, testing, implementation and maintenance of Web site enhancements; plans, schedules and conducts systems tests, monitors test results, and takes appropriate corrective action. May prepare technical user guides. Also requires knowledge of the principles, methods, and techniques used in Web development plus experience using various Web technologies, security (firewalls/encryption products), Web servers, browsers and various third party tools for integrating Web applications with databases and legacy systems.	Bachelors	4
54151s	Consultant	Analyzes user needs to determine functional requirements for a wide variety of projects; performs functional allocations to identify tasks and their inter-relationships; researches, identifies, and assists in the formulation of recommendations about resources required for task execution and completion. Assists with the development of new systems or updates to existing systems to meet client needs and identifies and recommends emergent relevant technologies that may result in improvements to current processes. Writes and updates project documentation including system procedures and training materials; conducts functional testing of various systems. Maintains	Bachelors	3

		current knowledge of relevant technologies and subject areas. Also requires advanced knowledge of the principles, methods, and techniques used in area of technical expertise and advanced knowledge of or certification in specific applications or processes depending on job assignment.
